Montclair vs. Newark.

The following extract is from an article written by Julius H. Pratt in the Montclair Times against annexation of Montclair to Newark:

In 1856 Newark commenced its benevolent work for Montclair (then West Bloomfield) by the completion of the Newark and Bloomfield Railroad, as a branch and feeder of the Morris and Essex Railroad. The managers of the Morris and Essex were Newark men, with Beach Vanderpool as president.

They induced Bloomfield and Montclair men to subscribe to a fraction less than one-half of the stock, thereby retaining control for themselves. There was no mortgage on the property and no interest to pay, but as the Newark clique owned both sides of the ledger the receipts were limited so exactly by the expenses that no dividend was ever paid during the sixteen years of their management which terminated by the transfer of the road to the D. L. & W. R. R. Co. Their management of the road was the most mean and oligarchical ever known in railroad history. Their cars, constructed in shape like flat bottom boats, were bought from the used up stock of the Camden and Amboy Railroad.

One wheezy locomotive of light capacity worked like a shuttle between Newark and Montclair, and performed the whole traction service of the road. At Newark to and from the through trains of the main line, and their average time between Montclair and New York for several years was one hour and twenty minutes, now accomplished by the rival road regularly in forty minutes or less. In stormy weather we were sometimes delayed several hours between Broad Street and Roseville by the inability of the engine to overcome the grade. Not until the management had passed out of Newark hands did Montclair people receive even decent treatment on the railroad.

Water Tests.

Preliminary tests and experiments on the property of the Eagle Rock Water Company were commenced last week and were continued during this week while the weather permitted. The depth to the red shale rock was ascertained in several different places, and was found to be about twenty-five feet from the surface. This was accomplished by driving a narrow gauge pipe with a hand operated pile driver down to the shale. Mr. Charles D. Pierce, the consulting engineer of the company, arrived from Cuba Thursday and will take charge next week. The location of the wells will then be decided upon and the actual well-drilling commenced. The tests showed conclusively that the claim of the company that their supply is from a deep water zone is perfectly correct, and further that there is no mingling with surface waters, and hence no opportunity for contamination from surface sources.

Bostock's Shows.

Visitors to Coney Island this summer can not profitably afford to miss a call at Sea Beach Palace, now the playground for the endless varied zoological interests gathered there from all parts of the world under the standard of Frank C. Bostock, the "Animal King." Bostock is to this generation what Branson was to our forefathers. A charm of his exhibitions is their attractiveness alike for old and young. More than two hundred thousand patrons during the past month attest their popularity. One of the aids to the palace's current popularity is that its large area is sheltered from the sun on warm days and from the rain on wet ones. Any time is the opening for Bostock's, the doors opening about noon and remaining open until night.

Manhattan Beach Fireworks.

Manager H. E. Thearle expresses the belief that "Last Days of Pompeii," at Manhattan Beach this summer will be the grandest spectacle ever produced by the Palm Pyrotechnic Co. Expense will not figure in rebuilding the famous dome in New York in fourteen years, for June 24, the opening day, commemorates the company's twenty-fifth season at Manhattan Beach and the intention is to make this anniversary notable.

Mr. Chamberlain's Scheme.

Joseph Chamberlain's recent suggestion of a new taxation scheme, which is generally felt in Parliamentary circles to mean a turning away from the free trade policy to which Great Britain has adhered for over half a century, has made him even more prominently the foremost figure in British political life. Of particular interest in this connection is the estimate of Mr. Chamberlain by the veteran statesman, Justin McCarthy, in his recently published book, "British Political Portraits." It is easy to see that Mr. McCarthy is by no means an admirer of "Pushful Joe," as he calls him, and that he is unable to reconcile his sudden conversion from the Radical ranks to the most pronounced Toryism with belief in his sincerity.

Literary Note.

The Bible. By John E. Remsburg. Large 12mo. 500 pages. Cloth, \$1.25 net.

The Truth Seeker Company, 29 Lafayette Place, New York, will publish July 1st a new book about the Bible by John E. Remsburg, the well-known Liberal lecturer and writer. It contains eleven chapters on the authenticity of the Bible based on the best authorities of the time; thirteen on the credibility of the Bible, ten on the morality of the Bible, and an Appendix in which Mr. Remsburg sets forth arguments against the divine origin and in favor of the human origin of the Bible. Twenty-six pages of index enable the reader to instantly refer to any authority quoted or argument used.

Carpet Opportunity.

One of the most remarkable opportunities of the season is announced by Amos H. Van Horn, Ltd., 73 Market Street, Newark. They have wisely taken all their discontinued spring patterns and incomplete rolls of carpets of all weaves and carefully made them up into room sizes, placing them at their actual cost from the mills; velvets, Brussels, moquettes, Ingrains and other popular weaves are included, making the display an attractive one for those interested in an opportunity of this kind. The Amos H. Van Horn people are also stirring up matters in their furniture lines; they report a marvelous increase in sales in all departments, which is far from surprising considering the generous terms they are willing to make where people prefer paying a little at a time rather than all cash when purchase is made.

Patents Issued.

Patents issued to Jersey men and reported for the Citizen by Drake & Co., solicitors of patents, corner Broad and Market Streets, Newark, N. J.:

Electric motor, W. V. Ash, Perth Amboy; electric magnet, W. Baxter, Jr., Jersey City; manufacturing game ball, A. L. Burt, Mithras; hair water, A. Drees, Newark; cash register, H. Measlander, Newark; hopper bottom car, G. E. Russell, Passaic; bottle stopper, C. Schenck, Newark; switch board, J. F. Saitrow, East Orange; combined cigarette and opera glass, W. E. Stevens, Newark; convertible baby carriage, Herman Yarkin, Newark. Design—Chandelier trimming, E. Gotberg, Jersey City; back for brush or similar articles, Otto Leigh, Newark. Trade-marks—Eggs, Debow & Co., Newark; patent leather, H. P. Sommer & Co., Newark (2 trade-marks); lamp-black, Wagon & Wilkes, Camden. Labels—(For hair weavers and curlers), A. Drees, Newark; (for silk or silk-mixed woven fabrics), United Silk Workers Association of America, Paterson.

Baggage Checked to Destination.

For the accommodation of patrons of the Lackawanna Railroad arrangements have been made to check baggage from the Bloomfield station direct to any residence, hotel depot or steamship dock in New York City below One Hundred and Seventieth Street, Brooklyn, Hoboken, or Jersey City by the payment of 50 cents for each piece to cover the transfer charge.

Under the special delivery system baggage will be forwarded to destination immediately upon its arrival in New York City by special conveyance, thereby avoiding the necessity of rechecking on trains.

Church Notes.

There will be a patriotic service (in English) at the German Presbyterian Church Sunday at 7.30 P. M. William S. Piergan Post, No. 58, G. R., and all veterans are cordially invited and will be made very welcome.

The cantata, "Under the Palms," will be repeated at Montgomery chapel Sunday, June 28, at 3.30 P. M.

The service in the Watseong M. E. Church to-morrow evening will be in commemoration of the two hundredth anniversary of the birth of John Wesley. The Rev. P. G. Blight will preach an appropriate sermon and the choir will render special music.

The Rev. Dr. Boardman will preach in Westminster Presbyterian Church next Sunday morning.

Dr. C. S. Woodruff will preach Sunday at Mt. Tabor at a special service in honor of John Wesley. The Park M. E. pulpit will be supplied on Sunday by the Rev. W. S. Coyeman, of Summit, and in the evening by Rev. Dr. W. E. Palmer, of Newark.

The Spectator Literary Society.

At a special meeting of the Spectator Literary Society, held at the residence of Mr. F. DeMoyne on Morton Street last Wednesday night, it was decided to close the season with an outing to Manhattan Beach, next Wednesday evening. The members intend to resume the study of literature, in the Fall.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland Benterville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equal in effect in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c. and \$1.00.—Advt.

Objections in writing to the work done and materials used in the above named improvement, if any, must be filed with the Town Clerk before Monday evening, July 6, 1903, at 6 o'clock, at which time the Town Council will meet in the Council Chamber, Bloomfield National Bank Building, Bloomfield, Essex County, New Jersey, to consider such objections. By order of the Town Council.

WM. L. JOHNSON, Town Clerk.

ORDINANCE.

AN ORDINANCE to construct an eight-inch salt glazed vitrified pipe sewer, from a point beginning at a manhole at the intersection of the centre line of Watseong Avenue with the centre line of Grove Street, and running along the centre line of Grove Street in a southerly direction three hundred feet to a point, and ending there.

The Council of the Town of Bloomfield in the County of Essex do ordain as follows: Section 1. That a sewer be built and constructed in the centre line of Grove Street, from a point beginning in the centre line of Watseong Avenue, at the manhole where the centre line of Grove Street intersects with the centre line of the said Watseong Avenue, thence southerly a one the centre line of said Grove Street three hundred feet and ending there, to be an eight-inch salt glazed vitrified pipe sewer and to have all necessary manholes, T branches and other proper appurtenances of a sewer. Section 2. That all expenses and costs of said improvement, when completed, shall be assessed and paid as directed by law.

Ordinance adopted June 15, 1903.
